Dear John,

I hope your Christmas was both beautiful and meaningful, for the Spirit of the Christ within you and the others has now started to come to the forefront and has begun to play a role in the direction your life is taking.

Thank you so much for bringing up these and giving me the opportunity to share with you and the group. That is what I live for is to share that spirit of God within and it is always such a great joy to share in that manner. I pray someday to be able to share more in that manner. For now though things of this mundane world must, it seems, take much of my energy.

If you will please, either send me copies of the tapes or transcripts I would be glad to hear what was said. Especially the last session, so when I am in the spirit I really don't register the happenings around me & I am not sure all that was shared.

I know + believe the Spirit of God, "The Holy Spirit" is with you, in you, drive to help humanity. Monday Jesus left his divine spirit with you all, to ~~comfort~~ comfort and comfort. For truly the Holy Spirit is the Comforter + the Motivator of the Divine Nature within.

Listen within for the Breath of God, the
Holy Spirit, for it has now touched your
Heart + your Soul, and will be ever near.
It is up to each of us to open up and become
with the Divine within and to Share that
Light with the world. Know this + Be + this.

I'm to open the Store, so I will close for
now. Light + Love.

In the Master Light
to Service,

Lore
